- Cloud:** Azure Functions, Azure Service Bus, Azure DevOps, CI/CD Pipelines
- CRM:** Microsoft Dynamics 365, Power Platform, PCF Controls, Power BI
- Frameworks:** .NET Core, ASP.NET MVC, Flask
- Integration:** REST APIs, OData, SSIS, Enterprise System Integration
- AI & Data Technologies:** Generative AI, Prompt Engineering, AI-assisted Development, GitHub Copilot, Claude AI, NumPy, Pandas, Matplotlib, AI Chatbot Integration

Experience

01/2022 - Current Hitachi Solutions Canada	Senior Software Developer - Designed and deployed scalable Azure Functions supporting enterprise integrations and high-volume workloads. - Integrated Power BI with Dynamics 365 CRM for real-time insights - Integrated AI Copilot chatbot to improve data validation and real-time data access - Enhanced CRM UX through PCF controls - Managed CI/CD pipelines and delivered scalable solutions with stakeholders - Used GitHub Copilot CLI + Claude Opus model to accelerate development of PCF controls and backend APIs based on requirements - Architected a migration solution replacing SSIS, reducing cutover time from 4 days to 2 hours
01/2023 - 06/2023 Microsoft Canada	Senior Software Developer - Improved Dynamics 365 deployment tools with telemetry and dependency tracking - Built integrations between CE and FnO using APIs and plugins - Resolved deployment and localization issues to improve system reliability
01/2021 - 01/2022 Cognizant Microsoft Business Group Canada	Consultant/Developer - Led Dynamics 365 solution design and implementation for enterprise clients - Built custom APIs and integrations using Azure and .NET Core - Implemented CI/CD pipelines and supported cloud migration initiatives - Fixed critical bugs and improved environment performance by 15%.
10/2020 - 01/2021 New Signature Canada	Software Developer/Consultant - Supported Dynamics 365 implementations and contributed to enterprise CRM solutions - Acquired by Cognizant in 2020

04/2020 - 10/2020 Yummy Catering Canada	Senior Software Engineer - Built routing solution using Google and Bing APIs across 10-40 locations (beyond standard API limits), reducing planning time by 90% - Automated dispatch workflows saving 10 hours per week - Redesigned internal CRM UI to improve user efficiency by 70%
06/2020 - 09/2020 Option 1 Insurance Network Inc. Canada	Software Engineer - Maintained and enhanced ASP.NET MVC web applications and SQL Server databases - Improved UI/UX and resolved performance issues across production systems
09/2019 - 04/2020 MISSION CRM Canada	Software Engineer - Delivered CRM solutions, integrations, and Azure-based applications across multiple organizations - Built and maintained web applications using .NET, SQL Server, and JavaScript - Replaced SSIS process with custom migration tool, improving response time by 50%
09/2017 - 08/2019 CRM Dynamics Canada	Software Engineer - Integrated Moneris payment page into CRM Dynamics and automated payment processing using CRM data, reducing manual processing time by 80% - Delivered end-to-end CRM solutions including payment gateway integrations (Stripe, Adyen) - Implemented Azure AD B2C authentication and single sign-on solutions - Integrated Microsoft Teams and Twilio APIs for internal communication systems - Built bilingual CRM portals and managed data migration processes - Architected Microsoft award-winning booking portal using Power Pages with full frontend/backend ownership
09/2011 - 09/2017 Multiple companies	EARLY CAREER EXPERIENCE Additional experience includes roles at Dolce Media Group, Futurify, and Diebold Nixdorf, focusing on web development, reporting tools, and enterprise application support.

Education

01/2017 Ontario	Ontario Post Graduate Certificate in Web Development Humber College
01/2011	Bachelor of Science in Computer Science Troy University

Certifications

- Microsoft Certified: Azure Fundamentals, AZ-900
- Microsoft Certified: Azure AI Fundamentals, AI-900
- Microsoft Certified: Power Platform Fundamentals, PL-900
- Microsoft Certified: Power Platform Developer Associate, PL-400
- IBM: Developing AI Applications with Python and Flask
- IBM: Python for Data Science, AI and Development
- IBM Generative AI: Prompt Engineering Basics
- IBM Generative AI: Introduction and Applications
